1. Sorry about the delay but we had to go to [] for a check on [] [] I will summarize the answer as relayed to me by [] here.

2. [] is, in short, a nut. [] [] says [] is a letter writer well-known to AmConGen Consular Section. He appeared, according to the record, in interviews and in his correspondence to be mentally unbalanced."

3. [] wrote a letter to former CIA Director Colby on 28 November 1974, and since 1972 he has written former President Nixon, Senator Muskie, Secretary of Defense Rumsfeld, the Director of HEW and others. He has been trying to establish a claim to American citizenship but has been unable to document his case. There have, however, been no indications of hostility or aggression.

4. We have an outstanding request to [] to check him out

5. I recommend the Director not answer [] letter.
